

BADGE REGISTRATION

Commitment to the deployment of cutting-edge event technology solutions **anywhere in the world.**

Guaranteed.

BADGE REGISTRATION

CHALLENGE

As part of a larger Audio Visual Contract, One World Rental were contracted to support a registration platform for a client's exhibition centre.

To provide the relevant hardware to support the clients chosen Event Registration Platform of **3000** guests had to be checked in as seamlessly as possible over 4 consecutive days with onsite support and training.

SOLUTION

One World Rental provided a large volume of **touchscreens** and supporting laptops preloaded with the clients bespoke registration platform.

Zebra printers were cabled into the venues local network with a 4G bonded solution as a failover in case of internet downtime.

Onsite training was provided to the clients Hosts to be able to assist with the check in process.

Technicians were available to trouble shoot any hardware issues onsite.

RESULT

4000 delegates were checked in on time with minimal fuss over 4 consecutive days with bespoke badges and branded lanyards.
